

GaS 11th Edition: Charity Project 2008

**Are you part of a NGO? Do you want to share your experience with us?
GaS opens its doors to you on its 11th edition!**

In order to be eligible for the GaS donation, these are the steps you must follow:

1. Check that your charity project is aligned with the selection criteria shown in ([page 2](#)). Please, pay attention to the last item.
2. You must present a public presentation (5 min.) of your project in front of the jury responsible of the election and anyone interested.
3. If your project is the awarded one, then you will be in charge of advertising it to cheer up employees participation in GaS event.
4. If your project is not chosen, you will have the opportunity to explain and participate on the Charity Day with your NGO achievements and tasks presentation.

GaS 2008 : Criteria for the Charity Project Selection

We're looking for projects that fit into the following criteria:

- The person/s proposing the project (anyone working at the HP Site) is directly involved in the organization that executes the charity project. This callout is also open to non-HP employees.
- The project must be focused on doing a given task or project with schedule to be started in 2008-2009, instead of doing a generic donation to a NGO.
- The person proposing the project must be open to collaborate with the GaS organization in promoting the selected project (exhibition, posters, etc.). If that project is not awarded then she/he will participate on the Charity Day exhibition.
- We're looking for projects focused on developing a human community (in any geographic location, local or international).
- In order to be eligible for HP to match the GaS donation it must be received by a **Spanish non-profit organization declared of public utility** (foundation or similar).

GaS 2008 : Basic data of the Charity Project

Project Basic Data

NGO Name

Primary mission of this NGO

Project Name

Country/Area of execution of the project

Primary Destination Group
